

1206 smd orange led product details:

Package Description

■ Package Dimensions:

Recommend Pad Layout

Notes:

1. All dimensions are in millimeters (inches).
2. Tolerance is $\pm 0.10\text{mm}$ ($0.004'$) unless otherwise specified.

PRODUCT PARAMETER

LED Size	3.2*1.5*1.1mm
Color	ORANGE
Wavelength	605nm
Forward Voltage	1.8-2.4V
Forward Current	20mA
Luminous Intensity	60-140mcd
Packaging	3000PCS

PRODUCT DETAILS

1. Chip, use large size regular square chip

2. Epoxy, use low light decay and high stability imported epoxy resin

1206 smd orange led Features:

1. long lifespan
2. Instant start, no flashing
3. Solid State, shockproof
4. Durable and non-fading brilliant beams
5. Various colors and low temperature
6. Working colors and low temperature
7. Environment friendly and 70%-80%power saving
8. OEM and ODM orders are welcome
9. Distribution are offered for your unique design and some our current models
10. Protection of your sales area, ideas of design and all your private information.

610nm smd 1206 orange led 3210 SMT led chips are widely used for many electronic products, like backlight, decoration, motormeter, control panel, computers and peripherals, communication equipment, consumer electronics.

Production for 1206 smd orange led

1. We make the SMD by ourself, meeting customer's different needs.

2. We will separate the led based on the same or tight CCT by sorting machine
3. We have the SMT machines which can produce the strip 7000-10000 meters per day.
4. The test report of the CCT, lumen, CRI and others by Integrating Sphere Phometers.
5. Quality Test and ensure before shipment

SMD 1206 LED have full color, welcome to your inquiry!

1206 smd orange led Information and Production Line

Dongguan Zhiding Electronics Technology Co., LTD is a high-tech enterprise specialized in manufacturing, designing and selling high quality LED lighting and LED related products. Zhaoqing Factory has more than 1000 employees, including more than 80 technicians focused on research and development. The factory has fully automatic production machines, the international general test equipments, and excellent equipment reliability experiment. From materials in storage, to process design, to product manufacture, each production process is in strict operation accordance with the ISO9001 quality assurance system. Besides our existing molded products, We also can provide customized products.

We have advanced testing equipment, can be "normal temperature continuous light lifetest", "high temperature and high humidity cycle test", "cold and hot shock cycle test" and "high and low temperature storage test", "high temperature continuous light test", "salt spray test" and reliability test, for all kinds of product reliability test of periodic on a regular basis, provides the high quality for our product quality assurance.

PRODUCTION ENVIRONMENT

FAQ:

Q1. What is your main products?

A1. Dongguan Zhiding Electronics Technology Co., LTD is a high-tech enterprise specialized in manufacturing, designing and selling high quality LED lighting and LED related products. We have SMD LEDs, Dip leds, High Power LEDs, Piranha LEDs, IR LEDs and UV LEDs and so on. Welcome to receive your inquiry.

Q2. What is the MOQ?

A2. 1206 smd orange led is 3000pcs/reel, so MOQ and MPQ is 3000pcs.

Q3. How long of your warranty time?

A3. We offer 3 years warranty.

Q4. What package do you use for SMD LED?

A4. Anti-static bags and cartons.

Q5. How long of your delivery time?

A5. For samples is within one week, formal order is 1-2 weeks.

Q6. Can you provide customization and OEM service?

A6. Yes, we offer customization and OEM service, please tell us your requirements clearly.

More details about 1206 smd orange led, please feel free to contact us!
